DURATION

10 weeks

VALUE

\$0.45 million

The fitout of the First State Super Canberra office was completed in a new commercial space with Monarch overseeing all works.

Key features included the front of house reception, private meeting rooms, boardroom, open plan work spaces and the staff kitchen.

A lively colour palette and numerous interior graphics demanded precise surfaces to be prepared. Similarly, accuracy for all aluminium and glass partitioning was paramount to the success of this project.

Detailed custom joinery and lighting solutions were required, calling on the skills of Monarch's inhouse trades and proven subcontractors.
