

# Manuka Psychology

**CLIENT**  
Manuka Psychology

**ARCHITECT**  
The Dpet. of Design

**DURATION**  
4 weeks

**VALUE**  
\$0-0.5 million

Engaged by The Dept. of Design we worked closely with interior designer and client during the construction of this fitout in one of Manuka's older buildings.

A clever use of space had been created by the designers, which required accurate and precise attention from our site manager and trades.

Bright colours and an intelligent use of complementary materials has resulted in a fitout in which client, designer and builder can be equally proud.
