

Urban Pantry refurbishment

CLIENT

Urban Pantry

ARCHITECT

Turco & Associates

DURATION

2 weeks

VALUE

\$0-0.5 million

The team at Urban Pantry is one of many repeat customers we have at Monarch. We were delighted to be engaged to refurbish this now iconic Manuka café, which we worked on when it first opened in 2010.

Working to an incredibly tight timeline we transformed the café from its dark tones to a light and bright fitout. New windows and bi-fold doors were added, along with custom-made outdoor dining areas extending the café's capacity.

Construction of the outdoor areas is such that it can be easily removed without damage to the surrounding footpaths.
