

AHPRA office fitout

CLIENT

Australian Health
Practitioner Regulation
Agency

INTERIOR DESIGNER

PTID

DURATION

8 weeks

VALUE

\$0.5–1.0 million

At just under 500m² this fitout features an expansive open plan workspace surrounded by glass partitioned offices and meeting rooms, as well as a small breakout space. A versatile meeting area off the reception area can be partitioned into two rooms, or combined into one large space. A cleverly hidden away kitchenette adds extra functionality.

Highly detailed joinery is featured throughout, including the high-spec lunch room and kitchen, which includes a feature planting box to screen off the working areas.

With the added challenge of working across the 2017/18 Christmas period, completing this project within an eight week timeframe is testament to Monarch's ability to deliver projects in tight schedules.
